

For your web gallery page, we need the following:

Up to 15 jpg images of your art. Images should be without frames and taken straight on and cropped to the canvas edge. They should be clear and sized to around 1200-1500 pixels on the long edge. This gives a file somewhere between 400Kb - 1Mb.

Please name files (or include in your email) art information -Title, Medium, Size.

Also provide a short (up to 1 page) Biography/Artist Statement, written in the third person preferably. This combo bio and artist statement is a little about you and something about your art. Include any contact and art social media links you have.

Lastly, include a photo of you.

We look forward to seeing your work and getting your page created.  
Email all to [gillymarston@gmail.com](mailto:gillymarston@gmail.com)
